

Report to Bramerton Parish Council: Bramerton Village Hall.

Overall, it's been another good year for the village hall.

My thanks to my fellow numerically small committee members for their energy and enthusiasm.

We are also fortunate to have the services of an excellent cleaner .

The Saturday morning "pop up " cafe made a return in March and was rewarded by a good attendance from the village.

Unfortunately, enthusiasm for the monthly social evening waned and this has been discontinued.

However, plans are afoot for a village picnic in June and a village BBQ in September
Generally, bookings for the hall remain strong.

Structurally, the buildings remain in good condition.

Recently , the under sink boiler has had to be replaced, a necessary expense.

Following the AGM last month, the accounts will be undergoing annual audit.
